REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a method of recording real-time files. Independent claim 1 identifies the uniquely distinct feature “ permanently assigning real-time file attributes to the real-time files and concomitantly recording the real-time file attributes together with the real-time files, the real-time file attributes describing hardware independent real-time requirements of the real-time files during a real-time file transfer for playback of the real-time files.” The closest prior art Iitsuka (US Pat. No. 5, 414,686) either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
